Employees must access and understand Queensland Health information on FBT implications. Specifically, employees eligible for the public hospitals FBT exemption cap (\$17,000 GUTV) and choosing to salary packaging, need to be aware that non-salary packaged fringe benefits, such as FBT taxable education expenses, have first priority in applying the cap and will impact the amount an employee may salary package without incurring a personal cost for the FBT liability. Accordingly, employees are strongly recommended to seek appropriate financial advice and to speak directly with their salary packaging provider to determine if an adjustment will be required to their personal salary packaging arrangements. For further assistance, see Taxation Service QHEPS page.
- Applications must be approved and supported by your Director of Nursing or Nursing Director.
- Applicants must be in attendance for the Nursing Oration on Wednesday 4th of December as this is where the Scholarship Recipients will be announced.
